camInstructor TRAINING PRODUCTS

ONLINE OR BOOKS, THE CHOICE IS YOURS

Choose from our full line of Mastercam, SOLIDWORKS and CNC training materials, available in both book or in an online format. Textbooks include online access to videos showing how to complete each lesson from beginning to end. All parts can be machined. Includes Mastercam Learning Edition and CNC Simulation Software for student home use, where applicable. Teacher Resources available.

camInstructor Academic Online (CAO) ONLINE ACCESS TO OUR POPULAR TRAINING PRODUCTS

FEATURES INCLUDE:

- Ability to *customize* your course content
- *License to print* step-by-step instructions
- *Instructional videos* for each lesson— students can watch videos as many times as needed
- Ability for instructor to track *student progress*
- Automated *quizzes and tests*
- Built in *reporting*
- Content accessible *wherever there is internet access*
- Student Exercises and Teacher Resources
- Mastercam Learning Edition and CNC Simulation Software for student home use

Suitable for Colleges, Universities, Training Centers and High Schools

Mastercam® TRAINING PRODUCTS

Mastercam Certification: Excellent preparation for the Mastercam Certification Tests.

Title	Lessons	Exercise Drawings	Automated Quizzes/Tests	Videos	HLE	Features
Mill 2D	13	16	✓*	✓	✓	WCS Lessons, Dynamic Milling and High Speed Toolpaths. Learn to import solid model.
Mill 3D	9	12	✓*	✓	✓	Create 3D Surfaces and Solids. Use 3D Surface and HS toolpaths. Learn to import solid model.
Lathe + C&Y Axis	8	9	✓*	✓	✓	Create 2D Geometry, 2D Lathe and C Axis toolpaths. Learn to import solid model.
4 Axis	6	10	✓*	✓	✓	Create a variety of Multi-Axis toolpaths. Learn to import solid models.
5 Axis	10	16	✓*	✓	✓	Create a variety of Multi-Axis toolpaths. Learn to import solid models.
Solids	8	8		✓	✓	Learn how to create SOLID Models.
Wire	7	7		✓	✓	Learn Geometry Creation (CAD) and toolpath creation (CAM) for programming a CNC Wire EDM.

*For online access only

Combo packs and Teacher Resources available. See index for pricing.

CNC PROGRAMMING / SETUP & OPERATE TRAINING PRODUCTS

Suitable for courses covering manual G-Code Programming for both Mill and Lathe.

NIMS Prep - Excellent preparation for NIMS CNC Mill & Lathe Programming Level 1 & Level 2 Tests.

CNC PROGRAMMING

Title	Lessons	Exercise Drawings	Videos	G-Code Software	Features
CNC Mill	10	19	✓	✓	Absolute and Incremental Programming, Linear Interpolation, Drilling with Canned Cycles, Circular Interpolation and Cutter Compensation.
CNC Lathe	9	18	✓	✓	Absolute and Incremental Programming, Linear Interpolation, Drilling, Turning—Canned Cycles, Circular Interpolation, Tool Nose Compensation and Grooving/Parting Off.

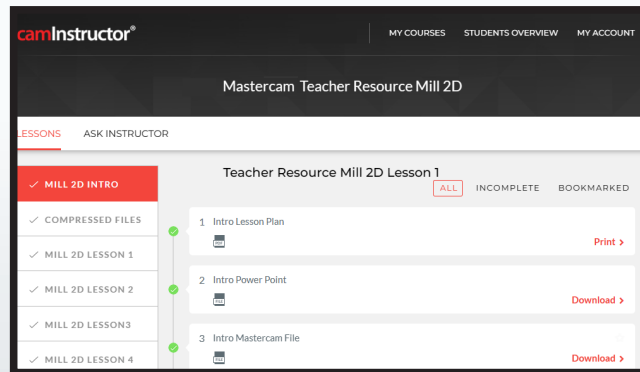

SETUP & OPERATE

Title	Lessons	Videos	Features
Setup & Operate CNC Mill	4	✓	Learn how to setup and operate Haas 3 Axis CNC Milling Machines. Setting work tool offsets, verifying the program in the Haas Controller and running the program.
Setup & Operate CNC Lathe	4	✓	Learn how to setup and operate Haas CNC Lathes. Setting work tool offsets, verifying the program in the Haas Controller and running the program.
Setup & Operate CNC 4&5 Axis	17	✓	Learn how to setup and operate Haas 4&5 Axis CNC Milling Machines. Setting work tool offsets, verifying the program in the Haas Controller and running the program.

Teacher Resources available. See index for pricing.

Online Teacher Resources

MASTERCAM TEACHER RESOURCE - ONLINE ONLY **MILL 2D, MILL 3D, LATHE + C&Y AXIS, AND 4&5 AXIS**

- Works with Mill 2D, Mill 3D, Lathe + C&Y Axis, 4 & 5 Axis Training Guides and Online Access
- Lesson Plans outlining over 160 hours of instruction
- Instructional Power Points for each Lesson
- Sample Mastercam files for each Lesson
- Advanced Lessons and Exercises included

CNC PROGRAMMING **TEACHER RESOURCE - ONLINE ONLY** **MILL & LATHE**

- Answers and solutions to all of the exercises in the CNC Programming Workbooks – Mill & Lathe
- G-Code Simulation Software
- Instructional videos that teach the basics of CNC Programming for CNC Mills and Lathes

SETUP & OPERATE TEACHER **RESOURCE - ONLINE ONLY** **MILL, LATHE AND 4&5 AXIS**

- Same content as in Books/Online Courses
- All proven CNC Programs for each Lesson in the Mill, Lathe and 4&5 Axis Content
- Instructional Online Videos

CERTIFICATE PROGRAM FOR MASTERCAM: EDUCATOR'S EDITION

Take your program to the next level by offering a certification program in Mastercam.

This program is for instructors using camInstructor materials in their program.

HOW DOES IT WORK?

Instructor becomes certified through a special online test.
Once certified, the instructor will receive an online Student Certification Kit.

Student Certification for Mastercam

WHAT IS PROVIDED?

Online Certification Kit: Includes drawings, instructions, power points, marking rubrics and completed test files.

Overview: Rules on administering the test including guidelines for times and test retakes.

Certificate: The certificates for the successful students will be printed by us and shipped to the instructor to sign.

FUN FACTS:

For over fifteen years, camInstructor has concentrated on and specialized ONLY on developing Mastercam training content. This has resulted in the creation of objective training content for the manufacturing company.

Number of certificates issued: Over 1,800

Number of people who wrote certificate tests: Over 900

Number of people trained using camInstructor: Over 60,000

**camInstructor Certification Test for Instructors and Students - FREE for schools using the
camInstructor Mastercam Training Products**

**FOR FULL DETAILS VISIT THE CERTIFICATION WEBSITE:
